WILSON REJECTS AUSTRIA'S NOTE ASKING ARMISTICE

Says Empire's People Must Be Given Complete Liberty

DECLARES CONDITIONS HAVE CHANGED SINCE JANUARY

United States Will Not Accept Autonomy Without People's Freedom

(Associated Press Telegram) Washington, Oct. 19.—President Wilson has rejected the Austro-Hungarian governments offer to conclude an armistice and negotiate peace principles enunciated by him and has given notice that mere autonomy for Austria's subject nationalities is no longer acceptable that they must have liberty.

The text of the note handed to the Swedish minister follows:

"I have the honor to acknowledge the receipt of your note of the seventh instant in which you transmit a communication of the emperor and royal government of Austria-Hungary to me. I am now instructed by the President to request you to be good enough through your government to convey to the emperor and royal government the following reply:

"The President deems it his duty to say to the Austro-Hungarian government that he cannot entertain the present suggestions of the emperor and royal government because of certain events of utmost importance which, occurring since the delivery of his address of the eighth of January last have necessarily altered the attitude and responsibility of the government of the United States.

"Among the 14 terms of peace which the president formulated at that time occurred the following:

"The peoples of the Austro-Hungary, whose place among the nations we wish to see safeguarded and assured, should be accorded the freest opportunity of autonomous development."

"Since that sentence was written and uttered before the congress of the United States, the government of the United States has recognized that a state of belligerency exists between the Czech-Slovak and the German and Austro-Hungarian empires, and that the Czech-Slovak national council is a defacto belligerent government clothed with proper authority to direct the military and political affairs of the Czech-Slovak. It has recognized in the fullest manner the justice of the nationalistic aspirations of the Jugo-Slavs for freedom.

"The President is, therefore, no longer at liberty to accept the mere 'autonomy' of these peoples as a basis of peace, but is obliged to insist that they and not he, shall be the judges, of what action on the part of the Austro-Hungarian government is necessary to satisfy their aspirations and their conception of their rights and the destiny as members of the family of nations."

"Accept, sir, the renewed assurance of my highest consideration. (Signed) Robert Lansing.

In announcing his reply, Secretary Lansing also made public the official text of the Austro-Hungarian note, transmitted by the Swedish legation.

"The Austro-Hungarian monarchy which has waged war always and solely as a defensive measure and repeatedly given documentary evidence of its readiness to stop the shedding of blood and to arrive at a just and honorable peace, hereby addresses itself to his lordship, the President of the United States, of America, and offers to conclude with him and his allies an armistice on the basis of the principles in the air, and to enter immediately upon negotiations for a peace for which the 14 points in the message of President Wilson to congress of January 8, 1918, and the four points contained in President Wilson's address of February 12, 1918 should serve as a foundation and in which the view points declared by President Wilson in his address of Sept. 27, 1918 will also be taken into account."

BLAMES MINISTER FOR COLLAPSE OF AUSTRIA

(Associated Press Telegram) Amsterdam, Oct. 19.—Before Baron Baurin, the Austro-Hungarian foreign minister, delivered his speech to the Hungarian delegation October 15, Count Michael Karolyi, the leader of the Hungarian independent party, accused the Austro-Hungarian ministry and the delegation of "being the sole cause of the monetary collapse and the political plight in which Hungary finds herself."

According to the Budapest Zeitung Am Mittag.

Premier Wekerle in reply declared: "We have done so much to bring about a peace that we have finally made ourselves a laughing stock."

GERMAN NAVAL OFFICIALS WILL CONFER ON REPLY

(Associated Press Telegram) Bern, Switzerland, Friday, Oct. 18.—The German reply to President Wilson will not be given until the cabinet for several days, according to the latest Berlin advices.

It is expected that the reichstag will be summoned to meet on Tuesday.

CIVILIANS CELEBRATING RESTORATION OF VILLAGES

Joy of Inhabitants Interferes With Operations of Advancing Armies.

(Associated Press Telegram) With the Allied Armies in Belgium, Friday, Oct. 18.—Lille is fast being left behind by the advancing fifth British army.

In spite of German posts established north of Roubaix and Turcoing these rich manufacturing cities have been taken. The Germans blew up the bridges leading to Bruges and left strong rear guards there, but these forces were sacrificed by the enemy while the main body of his troops moved eastward from the city and those near the coast hastened to escape.

As they have been fine and clear and the Belgian army have again come into their own. The Belgian sky has been literally full of them and they have worked great havoc with bombs and bullets among the enemy forces. The gap between the gap between Bruges and the Dutch frontier.

More cannon have been brought up and all last night and today they have been pumping shells into the bottle neck through which the Germans are retreating. The number of Germans killed in this area since yesterday, is of course, undetermined, but for the amount of explosive projectiles, large and small, dropped on them, their losses must be heavy.

The German army is paying a high price for its attempt to retain its hold on the coast. The cost of Belgium German military commanders being unable to win any victories, now seem to have gone in for literature on an extensive scale. Today's reports include masses of captured documents which have fallen into the hands of the allied soldiers. They treat of all subjects, but in all they contain a sub-current of despair. One says:

"I will take strongest action against meek who about which the German nation the French cavalry has been making dashes here and there and has also taken its toll.

ALSACE-LORRAINE'S ANCIENT CAPITAL SOON WILL BE A FRENCH CITY AGAIN

Strasbourg—the Cathedral.

Even many Germans are now ready to admit that Strasbourg, the capital of Alsace-Lorraine since ancient times, soon will be a French city again. Strasbourg, which was a flourishing town even in the days of the Romans, was a free city from 1262 until 1681, when it was annexed to France. It remained a French city until 1871, when it was taken over by Germany as one of the spoils of the Franco-Prussian war.

The crowning glory of Strasbourg is its cathedral, which was begun in 1176 and completed except for the spire in 1365. The spire dates from 1439.

G. OF C. AND MR. HEISEY DISCUSS INDUSTRIAL SITUATION IN NEWARK

Editor of the Advocate—The following communication to the public, signed by A. H. Heisey, expresses surprise that the Chamber of Commerce should make an effort to solicit subscriptions for an industrial fund. Mr. Heisey in his letter to the public says:

"It is rather a surprise that the Chamber of Commerce at this inopportune time would solicit funds, when the Government is striving to secure the sale of \$6,000,000,000 worth of bonds necessary to finance the war effort and in view of the campaign that will immediately follow this, to secure for the Y. M. C. A., Y. W. C. A., War Camp Community Service, Jewish Association, Salvation Army, Knights of Columbus, and Library Association, \$175,000,000, of which amount this County will be solicited to subscribe \$64,000.

"The one involves the nation as a whole while the other is but a local matter. One is essential, and the other is not a necessity at this time, and should wait until the financial horizon has been cleared, and the people have sufficiently recuperated from the present strain."

"Respectfully,"

A. H. HEISEY.

Mr. Heisey reminds us that at this time the Government is striving to float a Bond Issue of \$6,000,000,000, and that following the completion of the Fourth Liberty Loan Campaign that later there will follow the matter of financing the Y. M. C. A., Y. W. C. A., War Camp Community Service, Jewish Relief Association, Knights of Columbus and other allied organizations in the sum of \$175,000,000, and he reminds us that Licking County's portion of that will be \$64,000. He is chagrined over the fact that we should at this time undertake any such activity and urges upon the Organization, as well as the people, to wait until some future time to create such a fund.

"One may smile and smile and yet be a villain." This is by way of saying that Mr. A. H. Heisey is using the cloak of patriotism to lead the industrial expansion efforts. Mr. Heisey does not want to see new industries in Newark. There is ample evidence of this fact in the files of the Chamber of Commerce, and the reason is obvious—labor.

For his information and for the information of the public, the Chamber of Commerce has withdrawn its efforts in the matter of the Industrial Fund until the Liberty Loan Campaign is completed not only here in Licking County but throughout the Nation. It does, however, propose immediately after the closing of the Liberty Loan Campaign to complete the subscriptions to an Industrial Fund for Newark and in connection with the Liberty Loan Campaign. It might be well to remind some people that if all the wealthy people of the Nation had played the part of the other that some have played in the matter of subscriptions, that the campaign for the Liberty Loan would not have reached the amount of subscriptions that has been reached to date. Fortunate indeed is

Newark and Licking County that the Secretary of the Treasury has agreed that all subscriptions made on the outside for Liberty Loan Bonds by residents of this community are credited back to the community to apply on its quota of bonds. If this were not true, Licking County would be minus a subscription. It might be well to remind some people that Licking County will not have to go through a campaign for the purpose of supplying a portion of the \$175,000,000 for the various War Work Organizations. For their information, there was created in June of this year a War Chest for Licking County to which everyone subscribed and to which Mr. Heisey himself subscribed, more or less, and that the War Chest has within its treasury at the present moment funds with which to take care of the \$64,000 that has been allotted this county.

SUCCESS ON VERDUN FRONT MENACES KRIEMHILDE LINE AND COMPELS CONSTRUCTION OF NEW DEFENSE

BELGIAN COAST NOW ENTIRELY FREE OF ENEMY; HUNS STILL RETREATING

Six Thousand Germans, Surrounded, Face Capture or Internment In Holland—Allied Armies Meet Success on Front In Picardy

(Associated Press Telegram) With the American Forces, Northwest of Verdun, Oct. 19.—(1 p. m.)—General Pershing's troops today continued to improve their positions in the region of Bantheville and the wood of Bantheville. There are some indications that the Germans are planning a withdrawal to what are believed to be new lines of defenses a few miles in the rear.

This possible retirement of the Germans is believed to be due to the menacing position of the Americans at the edge of the Kriemhilde line below Landres-Et-St. Georges, where General Pershing's men are steadily advancing.

The Germans early this morning launched a counter-attack upon the American positions in La Grande-Montagne. The attack was repulsed.

The German infantry attack was preceded by a heavy artillery fire.

SURROUND ENEMY GROUP

(Associated Press Telegram) Amsterdam, Oct. 19.—British troops have entered the Belgian town of Eeelo, according to a dispatch Suiss to the Telegraf. Six thousand Germans have been shut in against the Dutch frontier.

BELGIAN ADVANCE CONTINUES

(Associated Press Telegram) With the Allied Forces in Belgium, Oct. 19.—(Afternoon)—The towns of Chering, Hasny, Vred and Catelet have been captured by the allied forces.

The entire British and Belgian front still was moving forward this morning. The Belgians were gaining steadily and the British in the north advancing in the face of considerable opposition, occupied the Herveaux-Mouscron railway, to the east and north of the French liberated towns of Turcoing and Roubaix.

ADVANCE ALONG SCARPE

(Associated Press Telegram) London, Oct. 19.—(1 p. m.)—The Germans were still holding the outskirts of Zebrugge this morning, although the Belgian forces in their eastward advance had reached the Zebrugge-Bruges canal. Field Marshall Haig's forces not only forced the Marcq river, but they advanced between this point and the river Scarpe. Here the British reached a line virtually level with their line south of the river Scarpe.

OCCUPY WHOLE COAST

(Associated Press Telegram) London, Oct. 19.—(2:30 p. m.)—Allied forces have captured the whole of the Belgian coast, according to information received by the Evening News. The allied line now extends from a position on the Dutch coast to the east of Bruges and to the south of Courtrai.

BRITISH CAPTURE VILLAGES.

London, Friday, Oct. 18.—In continuation of the offensive, south of Le Cateau field, Marshal Haig's troops have captured the village of Wassigny, the British commander reported tonight.

The village of Ribeaupierre, north of Wassigny, also has been taken and British troops have entered Basel, still further north. More than 1200 prisoners and a few guns were taken in the day's fighting.

CLAIMS ATTACK FAILS

Berlin (via London), Oct. 19.—Between Olizy and Grand Pre, in the Champagne, renewed French and American attacks on the German lines yesterday broke down, says the official statement issued today by the German general staff.

BRITISH ADVANCE SIX MILES EAST OF DOUAI

(Associated Press Telegram) London, Oct. 19.—The British are continuing their advance in Flanders north of the Senne canal. Field Marshal Haig announced today.

Southeast of Le Cateau where British and American troops are operating, Fassel and Mazinghem have been captured.

The British have advanced more than six miles east of Douai and they are in contact with the Germans east of Vred and Catelet in that area.

GERMAN RESISTANCE WEAKER NEAR VERDUN

(Associated Press Telegram) With the American Army Northwest of Verdun, Friday, Oct. 18.—Fierce counter attacks were made by the Germans this morning east of the Meuse river but they were easily repulsed. There were lively artillery duels during the morning but little infantry fighting. The Germans continue to rely chiefly on machine guns to check the Americans but even these weapons are almost quiet in the eastern portion of this sector. American patrols have been active in the center and on the left wing, where they have established outposts north of Cole De Chailion. They have partially cleaned out Loges wood and penetrated further into Bantheville wood because of the wet ground the enemy has been using many gas shells recently. The American guns open quiet a heavy bombardment at seven o'clock this morning concentrated on a certain part of the front.

LILLE RESIDENT HIDES COW FOR FOUR YEARS

(Associated Press Telegram) London, Oct. 19.—The Daily Mail correspondent on the British front, describing a visit to Lille, says: "It was a physical struggle to evade the sentimental struggle to witness. All the mothers wanted their babies killed and one was bombarded with embraces, handshakes, cheers and thanks."

"Imagine the better part of 100,000 people mostly women, all crowded into one or two streets, all hysterical with joy and all intention expressing their gratitude on being liberated."

"What has bitten into the souls of everybody was the deportations of 1918. Mothers did not know where their daughters had come nor what had been their fate. To the very last German exploiting went on in its usual manner. Commander Von Graetwitz requisitioned a thousand shirts and a thousand pair of trousers on Tuesday."

"Except for a few quarters of the city, especially near the stations on the east side of the town, one would not know that Lille had been within range of hostile guns. The telephone exchange was one of the exceptions. It had been blown to pieces by the Germans. The enemy had stripped the houses of all metal."

"What is said to be the supreme feat of the war at Lille was the successful bombardment of a certain part of the front."

THE MARKETS

Wall Street.
(Associated Press Telegram)
New York, Oct. 19.—Another vigorous rise in prices accompanied the very active opening of today's stock market, even the war group, recently under pressure, scoring substantial advances. Oil was again in the foreground, Mexican Petroleum adding 12 points to yesterday's 25 point gain. Coppers and rails also supplemented their many substantial advances of the previous session and United States Steel, which opened at an advance of 1 point on a sale of 5,000 shares, soon increased it to 4. Shipings rallied 1 to 2 points from their moderate reversal, the motor group alone displaying heaviness.

The final session of the week on the stock exchange was characterized by another outburst of bullish enthusiasm. Activity was again most pronounced in the speculative. The closing was irregular. Sales approximated 90,000 shares.

Liberty bonds were steady.

Chicago Grain and Provisions.

Chicago, Oct. 19.—Week-end covering by shorts led to decided upturns today in the corn market. Initial prices, which ranged from 1/2¢ off to 1/4¢ up, with Nov. 1.21 1/2 to 1.22, and Dec. 1.16 1/2 to 1.17, were followed by sharp gains all around.

Oats had an upward slant with corn. After opening at 1/4¢ off to 1/2¢ advance with November 1.05 1/2, the market continued to ascend.

Provisions reflected weakness of the hog market and pork felt the limit.

WILL FURNISH BAGS TO COLLECT WASTE FOR FUND

This week marks the start of the "waste" campaign under the auspices of the City hospital. The campaign is a plan to raise funds for the hospital by the collection and sale of the useless and out-worn cast-offs in the homes of the city.

Sanitary paper bags are now being distributed throughout the city, one to each family. On each bag is printed a list of the household clutter that can help swell the funds for the hospital.

The need for more funds is urgent. The past several years have made extra heavy demands on the resources of the hospital association. War conditions have increased the cost of food and hospital supplies, and have made it more difficult to procure drugs, medicines, and other sick-room needs.

Most homes contain the following things which can help swell the fund. Large or small; unwearable articles such as old flannel baby clothes, blankets, women's hats, old quilts, suits, stockings, woolen underwear, shirts, yarn, knit or crocheted articles such as unwearable house jackets, shawls, sweaters, scarfs, toboggan caps, mittens, and women's men's, and boys' unwearable garments, including overcoats, suits, cloth skirts, all kinds of old carpets and rugs, old rubber footwear, automobile tires, hot water bags and copper, brass, lead, tin, old plated ware, knives, forks, etc.

LICKING COUNTY'S SOLDIERS AND SAILORS

Readers are invited to contribute to this department short paragraphs giving changes of location, present address or personal items regarding our boys who are now in service.—Editor.

Eugene Knauber, Co. N, 19th engineers, now in France, writes The Advocate, Iowa:

"I received my medal and wish to express my appreciation to the people of dear old Licking county for the beautiful token. It is a reminder that the folks back home are ever ready to back up the boys 'over there'."

Word has been received by Mr. and Mrs. D. H. Davis of Sunbury of the safe arrival overseas of their son Henry. He went with the selectees from this county in June. He is in the Fourth engineers cavalry company.

Mrs. Allison received word that Fred Allison has arrived safely in France. He is with the 84th division, 326th Machine Gun Battalion, Company D.

Mrs. Elizabeth Harris received a card stating that her son Samuel had arrived safely overseas.

Mr. and Mrs. James Phillips of north of town received a card announcing the safe arrival overseas of their son Levi Phillips.

JOHNSON GETS MOVIE MACHINE

Former Y. M. C. A. Man Here "Captured" by the Yankee Regiment to which Frank L. Johnson, former Newark Y. M. C. A. secretary, is attached, was turned over to Johnson for use of the Y. workers in France, according to a letter received by the Advocate this week. The letter was written September 19 and speaks of the advance made by the Yankees, which probably was in the St. Mihiel salient, though the location of the drive was not mentioned. Johnson speaks of having seen Eddie Frenier at Chateau Thierry who later was a victim of a Hun gas attack. Dick Fenow Burton and Ray Evans, the latter also being engaged in Y. M. C. A. work.

Part of Johnson's letter follow:

"I consider this the greatest privilege of my life and I am willing to return service and hardship for it. Am in Paris for a few days getting rest and a general clean up after spending a few weeks in connection with a big 'push.' I underwent every hardship of the soldier's life and the most of it on the ground in the rain and marched with them where they marched. But what a privilege to know these brave fellows! They will do anything for me. I was just behind them less than 2 hours—when they went into the town of their second day objective. A town where the G— had lived for four years. The Germans had everything in good order. They had a good movie machine. The colonel of the regiment gave me the picture machine and I camped on the ground for a day and a half till our carmen could come forward through the roads to get it. I got films and film strips and sent them into Paris to our Cinema Department."

"I see by this morning's paper that Lieutenant Leland Stevenson of Newark has been wounded. The lists will be greater as the days go on. We lost very few however in this last big American drive."

For the past five months I have been very close to the front, all the time within range of the German guns. I am thankful that I have gone through it all safely.

"Have not been able to locate the 324 P. A. yet. I should be glad to go to see that bunch. Eddie Frenier was gassed at Chateau Thierry. He is recovering O. K. in a Base Hospital. We saw each other nearly every day at C. P. Mr. West who was the 'Y' secretary at Camp Sherman is with the Gen. Gleen crowd over here now. The division was made a replacement division and some were sent into my regiment. Among these Dick Fenow Burton, who formerly worked for Ed Miller."

"Met Ray Evans going out of Paris at 6 a.m. Tuesday just as I was coming in. He is still back in the L. O. S. He showed evidence of hard work."

"Wish I could run into Major Chas. Miller and Major Chas. Montgomery and Lieutenant John Fleek and many others whom I have thought of so many times."

"Newark has surely contributed liberally to the war causes. Hope she keeps it up 'till the end."

Attractive cards with definite instructions as to preventive precautions have been sent out and placed in the homes of the membership.

The local review is joining with the authorities in giving all possible aid in stopping the spread of this epidemic.

B. & O. Engineer Cook Tells How Dr. Parker's Treatment Cured Him After Suffering 12 Years.

"For twelve years I have suffered with Indigestion and Constipation. From November, 1913, to July, 1914, I could not work at all. Since then, have only been able to work about half time. Often I would cause my train to lay up for an hour or more and a few times had to call an extra engineer to run my train in. I would have attacks of acute indigestion and fall over unconscious."

"Geo. B. Plumley of Chillicothe, told me to try Dr. Parker's treatment for Indigestion and Constipation. That was in April this year. Two weeks after I began this treatment, I began feeling fine and haven't lost a trip nor had an attack of indigestion since."

"I certainly recommend it as a wonderful medicine."

"B. F. Cook, Engineer, 'Hamden, O.'"

My treatment will do for everyone suffering with Indigestion and Constipation just what it did for Mr. Cook. It has taken me thirty-five years to perfect this formula and I know it to be the best ever prepared.

Don't worry about old age. A sound mind is good for you and you can be as hale and hearty as a young man.

Affections of the kidneys and bladder cause a great deal of trouble and working condition, leading to a great deal of suffering and a long and painful death.

It is a good idea to get a MEDICAL examination and you will find out what is wrong and what to do about it.

There is a medicine called GOLD MEDICINE which will relieve you of all your troubles and make you feel like a young man again.

BAN MOVIES ON DECK OF NAVAL VESSELS

Probably Due to Presence of Ship in Danger Zone—Films Shown in Small Compartments.

Jackies now view picture shows on board ships in small compartments. The change from viewing them on deck has probably been made on account of traversing the war zone. Geo. E. Hiatt received the following letter from Raymond (Ike) Knauber, written September 25. He is on the U. S. S. Nevada.

"Arrived overseas all o. k., and had a fine trip. Had shore leave Labor Day and had a good time. The people treat us fine. It rains here two or three times a day, with few exceptions. There have only been two days it hasn't rained since we arrived here. It is just like our March weather at home. We got our first mail yesterday—the first for a month."

"I have pictures shown about every night but I haven't seen any yet, as they don't have them on deck, as formerly. The compartment is very small and there are many to see them."

JOHNSON GETS MOVIE MACHINE

Former Y. M. C. A. Man Here "Captured" by the Yankee Regiment to which Frank L. Johnson, former Newark Y. M. C. A. secretary, is attached, was turned over to Johnson for use of the Y. workers in France, according to a letter received by the Advocate this week. The letter was written September 19 and speaks of the advance made by the Yankees, which probably was in the St. Mihiel salient, though the location of the drive was not mentioned. Johnson speaks of having seen Eddie Frenier at Chateau Thierry who later was a victim of a Hun gas attack. Dick Fenow Burton and Ray Evans, the latter also being engaged in Y. M. C. A. work.

THE RENGO BELT corrects the abdominal and hip lines in the stout figure, yet gives a degree of ease and freedom that must be experienced to be appreciated.
